What is STEP-UP

STEP-UP stands for the Shasta Technical Education Program-Unified Partnership and is a partnership between the Shasta County Sheriff and Probation Departments, California Division of Parole Operations, Good News Rescue Mission, California Heritage YouthBuild Academy, and Butte County Office of Education.

STEP-UP's mission is to provide academic, logistical, and limited financial support for students who have been formerly incarcerated and/or have suffered from alcohol or drug addiction.

STEP-UP utilizes restorative justice to provide a second chance for students who have made poor choices at some point in their lives. Our program combines support with accountability and community to assist students in making the transition to becoming successful, contributing members of our community.

"There is no such thing as failure,
only feedback"
