

California Community Colleges Support Undocumented Students

Dear _____

I am writing to urge you and Congress to take immediate and permanent action to codify the Deferred Action for Childhood Arrivals (DACA) program, and include a pathway to citizenship.

This can't wait! We need action now. California's community colleges serve thousands of DACA recipients. It is critical that we support our undocumented students, and work with Congress to find a solution that preserves the rights of all students to pursue higher education.

I care about this issue because...

Sincerely,

(Name & College)
